Compliments, comments and complaints

Birmingham Hospice aim to provide excellent specialist palliative care and support for patients, their families, carers and friends. We are committed to providing a high quality service, so it is really important for us to know if your experience at Birmingham Hospice has met your expectations, or if there is anything we can do to improve.

Compliments

It is always reassuring and motivating to know that we are meeting the high standards of service and care that we set for ourselves.

If you are particularly pleased with the care you have received or the service we provide, we would be delighted if you would let us know by completing the form at the back of this leaflet.

Compliments will be passed on to the people or team concerned. All compliments are stored electronically and we may sometimes use your compliments and praise in hospice publications.

Comments

We are always interested to hear your views and comments. Comments enable us to look objectively at what we do. If you have any suggestions as to how we can do things better you can let us know by completing the form on the back of this leaflet.

Complaints

Whilst we strive to provide excellent standards of care at all times, we may sometimes get it wrong. Complaints are seen as a valuable source of feedback and as a way of changing what we do to improve the services we offer.

If you have a complaint about us, we'd like to be the first to know so we can attempt to put things right and review how we do things in the future. All complaints are taken seriously and investigated fully. If you wish to make a complaint, you can do so either **verbally** or in **writing**.

Verbal complaints

Ask to speak to the nurse in charge or the manager of the service and tell them that you wish to make a complaint. Explain the issue that is concerning you, giving as much detail as possible. Often they will be able to deal with the problem straight away as it may be due to a misunderstanding. If you do not want to do this, or it is not possible or appropriate, you can raise a written complaint.

Formal written complaints

If you prefer to put your complaint in writing please include as much detail as possible in your letter and address it to the **Governance Team**.
